# SCHOOL FORESTRY WORK EXPERIENCE PROGRAM

## ABOUT THE PROGRAM

Supported by the Tasmanian Government, this is a 3 day work experience program which has been developed to introduce students to potential career paths within the forest industry.

Students will spend a day each with 3 employers from different sectors of forestry such as:

- Pre-employment/work health and safety
- Forest growing and management
- Silviculture
- Harvest and haulage
- Sawmilling and processing
- Mechanical/workshop

## PROGRAM OUTCOMES

This program will provide an opportunity to see first-hand via work experience what careers are available within forestry. It will add to the student's choice of career pathways where they can apply for an Australian school-based apprenticeship or pursue potential direct employment.
